Objective

Ambitious third-year student majoring in Archaeological Information Systems at Cairo University. Specializing in Front-End and Mobile Development, with a multifaceted background in AI and Business Development. Aiming to integrate technical expertise with business acumen to create innovative solutions in professional and creative settings.

Education

Bachelor's Degree Archaeological Information Systems (AIS) - Cairo University 2024 – Present

Grade: Excellent

Work Experience and Internships

Front End React Developer | Digital Egypt Pioneers Initiative (DEPI) Jul 2025 – Present

- Developing front-end user interfaces using React.

Business Developer | MediLink Egypt Startup Sep – Nov 2026

- Developed the business model and strategy for a medical health startup.

Projects

Sawaqny (Driving School App) | Mobile Developer (Flutter) Jul – Aug 2026

- Designed and compiled a functional cross-platform application for learners and driving schools.

AI for Museums & Sustainable Development, CU-AI NEXUS Hackathon Aug – Oct 2025

- Working on transforming museum visits into interactive digital journeys. Integrating AI solutions with UN SDGs and Egypt Vision 2030.

Mohamed Ali Palace Interactive Experience Jul – Aug 2025

- Designed a multi-format experience: website (multi-language), printed & digital kids' guidebooks, educational games, and AI videos for children with hearing impairments. Focused on accessibility, education, and audience engagement.

Islamic Art Museum Promo & Experience Enhancement Jan – Feb 2025

- Produced a promotional video for the Museum of Islamic Art. Proposed VR/AR interactive rooms and inclusive experiences for people with disabilities.

VibeTrip (Outing Organizer App) | Mobile Developer (Flutter) Jan – Mar 2026

- Developed a cross-platform mobile application using Flutter to organize social outings.

Forgotten Treasures | Front-end Web Developer Jun – Aug 2025

- Designed and coded a responsive website using HTML, CSS, and JS for archaeological sites.

Mawy (CU-AI NEXUS Hackathon) | Front-end & Business Developer May – Oct 2025

- Developed the front-end (HTML, CSS, JS) and directed the business strategy, reaching Semi-Finals.
